

Borough of Downingtown

www.downingtown.org

Trash Collection

Collection Day - Tuesday

Type of Collection - Curbside

- All trash set out for collection must be placed in waterproof containers not to exceed 30 gallons in capacity or 60 pounds in weight. Be sure your trash is properly contained and does not exceed the six (6) can limit.
 - Vine, hedge and tree trimmings (all wooden products) must be tied securely in bundles, not to exceed four (4') feet in length and two (2') feet in diameter.
- No refuse containers shall be set out for collection prior to 6:00 PM on Monday (the day before collection) and no refuse containers shall remain at the curb after 10:00 PM on Tuesday (the day of collection).
- **NO CONSTRUCTION MATERIAL.** Resident is responsible for contacting private hauler to dispose of construction material.

Bulk Trash

Collection Day - Last Tuesday of each month (Place out beside refuse)

Type of Collection- Curbside

- Residents are permitted to place one (1) bulk item (stove, sofa, mattress, rolled rug, etc.) out at curbside with their refuse on the last Tuesday of the month.
- According to the Clean Air Act, no person shall dispose freon containing appliances, such as refrigerators, freezers or air conditioners without first having the freon properly removed. The Borough's contracted waste hauler ([A. J. Blosenski, Inc.](http://www.ajblosenski.com)) will not accept these appliances unless they have a sticker attached to them as a proof that the freon was removed. Please contact A.J. Blosenski, Inc. at 610-942-2707 before putting out a stickered appliance. For information on freon removal sites, call the *Chester County Solid Waste Authority* (610) 273-3771 or visit www.chestercountyswa.org.
