For more info, click [here](#).

When In Doubt, Throw It Out!

Our residents are great recyclers, but shouldn't be tempted to be too passionate about putting items in the recycling toter that don't belong. There are reasons why **only** 100% recyclable materials should go into the recycling bin. Click [here](#) to read more about it.

School Bus Safety Reminders:

- Stop at least 10 feet away when approaching a school bus with flashing red lights and an extended stop arm.
- Remain stopped until the red lights are no longer flashing, the stop arm is withdrawn, and children have reached safety.
- Proceed if a physical barrier – grassy median, guide rail, or concrete median barrier – separates oncoming traffic from a bus.
